SUMMARY

Ambitious and adaptable graduate with a Bachelor's degree in Electronics and Communication Engineering. Possessing strong interpersonal skills and a passion for the tech industry, I am eager to kickstart my career and contribute positively to a forward-thinking organization.

EDUCATION

B. TECH, Electronics and Communication Engineering   May, 2024

Aditya College of Engineering, Surampalem   7.3 CGPA

TECHNICAL SKILLS

Frontend	HTML, CSS, Bootstrap, React Js
Backend	Express Js, Node Js
Tools & Utilities	Git, GitHub, Postman, Docker, Redux-toolkit
Languages	Java, Javascript
Databases	MongoDB, MySQL

WORK EXPERIENCE

Technical Hub: Full Stack Developer Intern   July 2023 – Aug 2023

- Enhanced web development skills as a Web Developer Intern at Technical Hub, focusing on HTML, CSS, JavaScript, React.js, Node.js and MongoDB. Contributed to robust application development, gaining practical insights into industry standards, and emphasizing backend proficiency. Github

Freelance Web Developer   Dec 2023 – Jan 2024

- Spearheaded the creation of an innovative E-Commerce website, **STAAR Exports&Imports**, facilitating seamless international trade with a sleek design and sophisticated email notification system. Leveraged React Js, Node Js, for dynamic functionalities. Try it

PROJECTS

Event Management Website   Feb – Mar 2024

- Developed dynamic React-based web app integrating with Google Calendar API for CRUD operations, featuring secure Google Auth login. Backend powered by Node.js with MongoDB for scalable event data storage and management. Try it

DNS Management Website   Mar – Apr 2024

- Developed a robust DNS management tool designed to handle DNS configurations with features comparable to AWS Route 53. Try it

Car Rental Website   Feb – Mar 2023

- Developed a real-time car rental app with seamless user experience for both customers and owners. Users can easily book vehicles and manage bookings, while owners efficiently manage car inventory. Try it

Restaurant Management System   Jan 2023

- Developed a console-based Restaurant Management System in Java, utilizing File System and CSV for order management and bill generation. GitHub

CERTIFICATIONS

- I have successfully completed the **JavaScript** certification from IT specialist.
- I completed the **Java** Foundations course and obtained a certificate from Oracle Academy.
- I have successfully completed the **Java Full Stack Developer** from Wipro TalentNext.

ACHIEVEMENTS

- I Solved over 500+ problems on LeetCode and GeeksForGeeks and Secured multiple badges in HackerRank.
